It's time to talk about the future of Lay Preachers in Tasmania.

How do we connect with each other?
How do we connect with the wider church?

This is a day for any who are interested and want to have conversations about the future of Lay Preachers in Tasmania. How do we connect and relate with each other and the wider church? The Lay Preachers Association has been in recess and it is time to have conversations about what's next. The course of the day will use Open Space Technology as the way in which these questions will be worked with through the day. It is a tool that invites you the participant to set the conversations that you want to have around this matter. It is a tool that encourages you to participate as much or as little as you need in any conversation. The Presbytery's Day Of Dreaming held in 2015 was a time where Open Space Technology was used. It is a way of meeting that is used all around the world in all sorts of places, with all sorts of people for conversations that matter. If you wish to know more, the internet is a good place to go looking.

You are invited to participate in this Day for Lay Preachers in Longford. Please RSVP to the Presbytery Office by 25 March. Your intention to attend as well as any dietary requirements are needed.
